

Kawasaki KLR 250

REDUCE YOUR BUDGET DEFICIT

The cost of having fun is going up everywhere.

So it's important to get the most value for your money.

That's where Kawasaki's KLR250 fits the bill.

Because it's a versatile high-performance machine that's as exciting to ride on the road as it is off of it.

Advanced liquid cooling, dual overhead cams, four quick-breathing valves, and a flat-slide carburettor give it the power to climb hills or cruise the Continent—all without working up a sweat.

The rigid high-tensile steel frame gives the KLR its

exceptional handling, and features an aluminium rear section to keep weight low, and manoeuvrability high.

While adjustable Uni-Trak rear suspension and an air-adjustable 38 mm fork offer 230 mm of terrain-taming wheel travel, so your good times can keep on rolling even when the road stops.

For the most fun for your money, get a KLR250 and cut the waste out of your budget.

You'll set a good example.

- Front disc brake delivers strong stops on or off the road.
- Frame-mounted foot rests mean more comfort when a friend's along for the ride.
- Two engine balancers reduce vibration for a more comfortable ride.
- Kawasaki Automatic Compression Release helps ensure quick, easy starts.

• Uni-Trak rear suspension features adjustable preload, four-way damping adjustment, and 230 mm of rising-rate wheel travel.

• Box-section aluminium swinging arm lowers unsprung weight for improved suspension response.

• Box-section aluminium rear section unbolts in minutes to ease maintenance.

• Powerful quartz-halogen headlight brightens your way.

SPECIFICATIONS	KL250-D7
Engine type	4-stroke Single
Displacement	249 cc
Bore x stroke	74 x 58 mm
Valve system	DOHC, 4 valve
Cooling	Liquid
Carburetion	Keihin CVK34
Ignition	Electronic CD
Starting	Primary kick
Transmission	6-speed
Frame type	Semi-double cradle, high-tensile steel
Suspension, front	Air-adjustable 38 mm fork
Suspension, rear	Uni-Trak with adjustable preload and 4-way rebound damping
Wheel travel, front	230 mm
Wheel travel, rear	230 mm
Tyre, front	3.00-21 4PR
Tyre, rear	4.60-17 4PR
Brakes, front/rear	Disc/drum
L x W x H	2,200 x 855 x 1,210 mm
Seat height	855 mm
Fuel capacity	11 litres
Dry weight	118 kg

Brilliant Blue/ Polar White	Sunbeam Red/ Polar White

Ride well, ride safe. Respect the law and other road users. Improve your skills with training. Never exceed the limits of your skills or your machine. Wear a helmet and suitable clothing. Proper maintenance is essential. Never drink and ride. You are an ambassador for motorcycling—be responsible. These specifications have been achieved by production models under standard operating conditions.
