SUPER BIKES

This brochure gives you a brief rundown on 18 Suzuki motorcycles. What it cannot give you is the intense pleasure that comes from riding a Suzuki; the name that's led the racetrack, season after season, year after year.

If ever a bike merited the description 'getaway,' it must surely be Suzuki. For Suzuki's race-winning experience is reflected in every single superbike, road bike and trail bike.

When you ride a Suzuki, everything suddenly feels right. For what you experience is a combination of performance, handling, roadholding and braking that all adds up to something no other bike can offer.

Follow the leader. Get on a Suzuki. It's the way to get away.

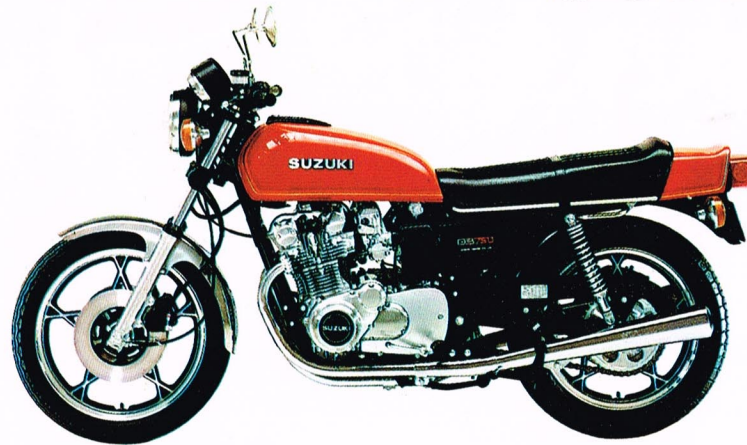

GS1000

SPECIFICATION: Maximum horsepower: 90.0hp/8000rpm SAE NET. Engine: 997 cc. 4-cylinder DOHC, air-cooled, 4-stroke. Transmission: 5-speed, constant mesh. Starter: Electric. Overall length: 2195mm (86.4in). Overall width: 850mm (33.5in). Overall height: 1175mm (46.3in). Dryweight: 233kg (507lbs). Colours: Black, red, blue.

A superbike in every sense with the emphasis on performance, handling and comfort. Maximum speed is 134-137mph. Features include an over-square engine, pneumatic coil sprung, oil dampened front forks and high speed V tyres for superb stability at all speeds.

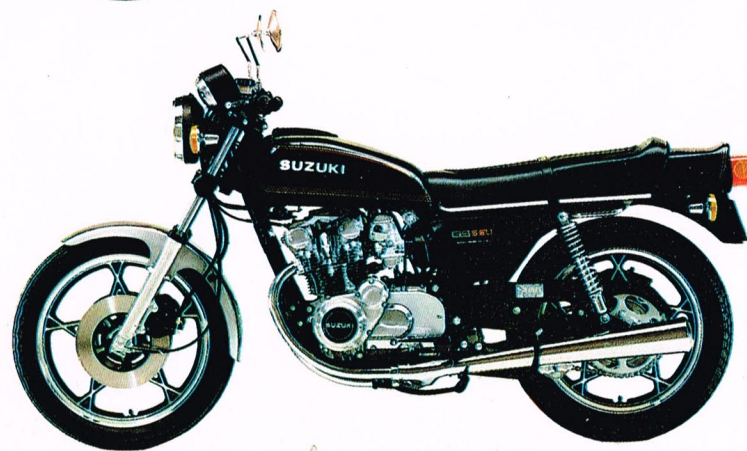

SUPER BIKES

GS750

SPECIFICATION: Maximum horsepower: 68.0hp/8500rpm SAE NET. Engine: 748cc, 4-stroke, air-cooled, DOHC, 4-cylinder. Transmission: 5-speed constant mesh. Starter: Electric and kick. Overall length: 2225mm (87.6 in). Overall width: 870mm (34.3 in). Overall height: 1170mm (46.1 in). Dryweight: 223kg (492lbs). Colours: Black, red, blue.

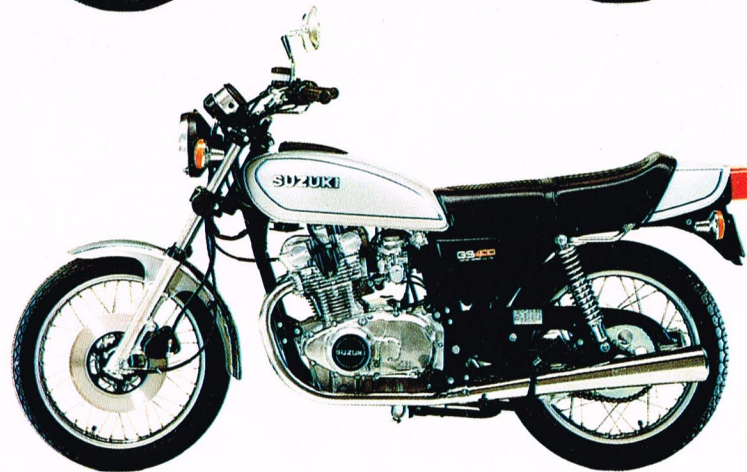

A bike which can take you to the far ends of the world and back. The 4-cylinder power plant is so responsive that the effective top gear range begins at 20mph and extends all the way up to 120mph. An effortless touring machine—fast, beautifully balanced and supremely comfortable.

GS550

SPECIFICATION: Maximum horsepower: 51.0hp/9000rpm SAE NET. Engine: 549cc, 4-stroke, air-cooled, DOHC, 4-cylinder. Transmission: 6-speed constant mesh. Starter: Electric and kick. Overall length: 2175mm (85.6 in). Overall width: 725mm (28.5 in). Overall height: 1120mm (44.1 in). Dryweight: 203kg (448 lbs). Colours: Black, red, blue.

The machine that has been acclaimed by the motorcycle press. A "mini-750" with maximum performance and impeccable road manners. One of the most beautifully proportioned bikes on the road with a well designed frame and excellent suspension.

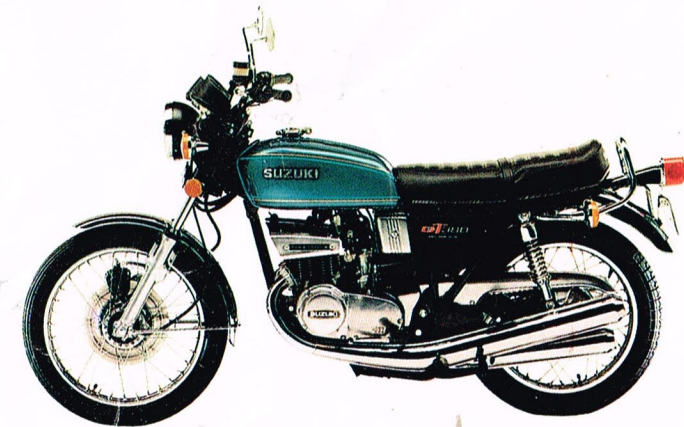

GS400

SPECIFICATION: Maximum horsepower: 36.5hp/9000rpm SAE NET. Engine: 398cc, 4-stroke, air-cooled, DOHC, 2-cylinder. Transmission: 6-speed constant mesh. Starter: Electric and kick. Overall length: 2085mm (82.1 in). Overall width: 835mm (32.9 in). Overall height: 1110mm (43.7 in). Dryweight: 172kg (379 lbs). Colours: Red, blue, silver.

Docile tourer or high performance sports bike: The GS400 has lots of low speed torque for town traffic, but revs smoothly to over 9000 rpm once you decide to get weaving. This twin-cylinder, 4-stroke has a 6-speed gearbox and adjustable rear dampers. Handles in true Suzuki style.

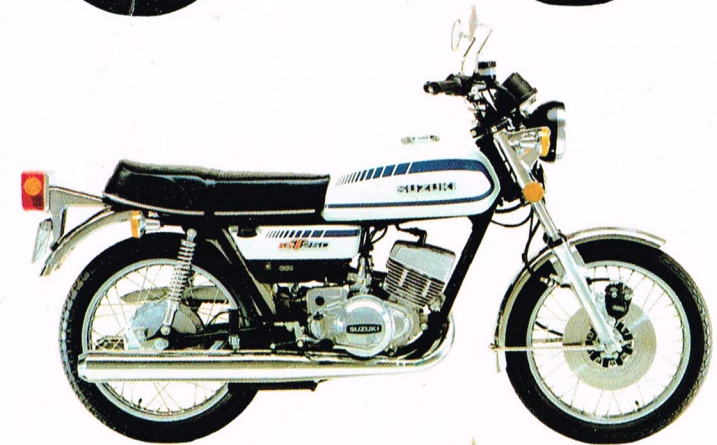

the getaway bike

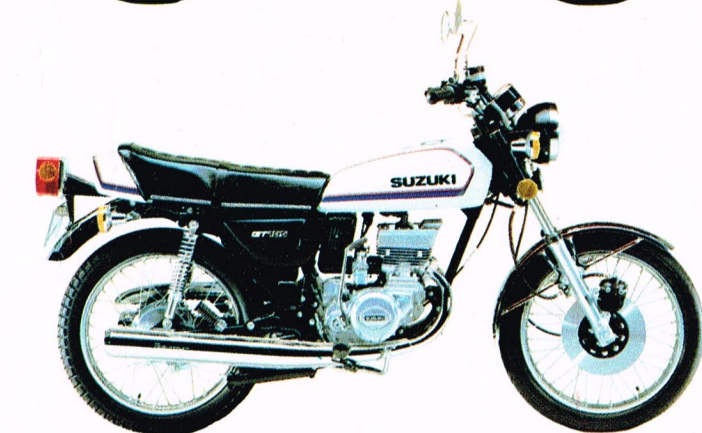

GT380

SPECIFICATION: Maximum horsepower: 37.0hp/7500rpm SAE NET. Engine: 371cc, 2-stroke, Ram Air cooled, 3 cylinders. Transmission: 6-speed constant mesh. Starter: Primary kick. Overall length: 2090mm (82.3 in). Overall width: 815mm (32.1 in). Overall height: 1125mm (44.3 in). Dryweight: 171kg (377lbs). Colours: Blue, scarlet, silver.

GT250C

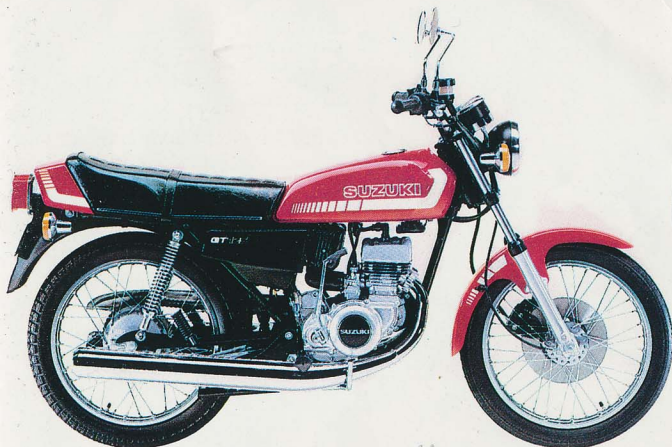

SPECIFICATION: Maximum horsepower: 32.0hp/7500rpm SAE NET. Engine: 247cc, 2-stroke, 2 cylinders. Transmission: 6-speed constant mesh. Starter: Primary kick. Overall length: 2045mm (80.5 in). Overall width: 815mm (32.1 in). Overall height: 1130mm (44.5 in). Dryweight: 146kg (322lbs). Colours: Red, white, blue.

GT185

SPECIFICATION: Maximum horsepower: 20.0hp/7500rpm SAE NET. Engine: 184cc, 2-stroke, Ram Air cooled, 2 cylinders. Transmission: 5-speed constant mesh. Starter: Electric and kick. Overall length: 1980mm (78.0 in). Overall width: 760mm (29.9 in). Overall height: 1010mm (39.8 in). Dryweight: 115kg (253lbs). Colours: Red, white, blue.

ROAD BIKES

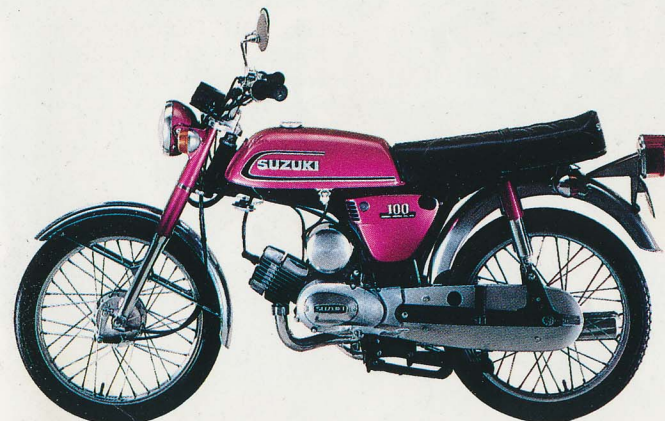

GT125

SPECIFICATION: Maximum horsepower: 16.0hp/9500rpm SAE NET. Engine: 124cc. 2-stroke. 2-cylinders. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 1910mm (75.2in). Overall width: 770mm (30.3in). Overall height: 1065mm (41.9in). Dryweight: 108kg (238lbs). Colours: Red, white, blue.

GP125

SPECIFICATION: Engine: 123cc. 2-stroke, disc valve. Maximum horsepower 15hp/8500rpm SAE NET. Transmission: 5-speed constant mesh. Overall length: 1895mm (74.6in). Overall height: 1040mm (40.9in). Overall width: 760mm (29.9in). Dryweight: 93kg (205lbs). CCI lubrication. Colours: Red, blue.

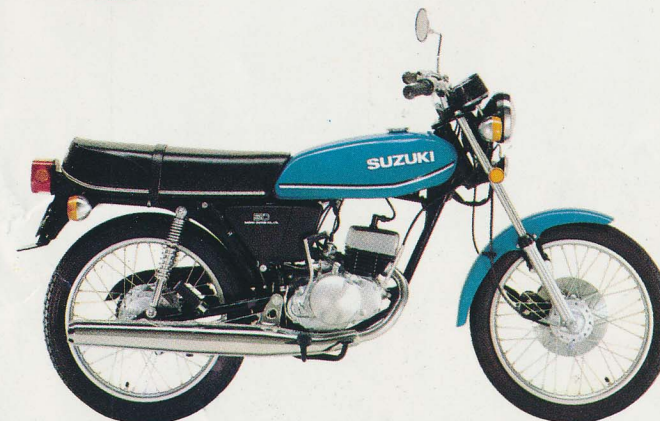

A100

SPECIFICATION: Maximum horsepower: 9.4hp/7500rpm. Engine: 98cc. 2-stroke, rotary disc valve. Single cylinder. Transmission: 4-speed constant mesh. Overall length: 1830mm (72.0in). Overall width: 760mm (29.9in). Overall height: 1010mm (39.8in). Dryweight: 83kg (183lbs). Colours: Blue, red.

A50

SPECIFICATION: Engine: 49cc. 2-stroke, rotary disc valve. Single cylinder. Transmission: 5-speed constant mesh. Starter: Kick. Overall length: 1820mm (71.7in). Overall width: 765mm (30.1in). Overall height: 1020mm (40.2in). Dryweight: 74kg (165lbs). Colours: Blue, red.

GT50

SPECIFICATION: Engine: 49cc. 2-stroke, reed valve, air-cooled. Single cylinder. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 1815mm (71.5in). Overall width: 685mm (27.0in). Overall height: 955mm (37.6in). Dryweight: 71kg (156lbs). Colours: Red, blue, white.

FR80

SPECIFICATION: Maximum horsepower: 6.8hp/6500rpm SAE NET. Engine: 79cc. 2-stroke, air-cooled. Single cylinder. Transmission: 3-speed. Automatic clutch. Overall length: 1825mm (71.9in). Overall height: 1050mm (41.3in). Overall width: 650mm (25.6in). CCI lubrication. Dryweight: 73kg (161lbs). Colours: Red, blue.

the getaway bike

TRAIL BIKES

SP370

SPECIFICATION: Maximum horsepower: 25hp/7500rpm SAE NET. Engine: 369cc. 4-stroke, single cylinder, OHC. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 2170mm (85.4in). Overall width: 860mm (33.8in). Overall height: 1150mm (45.2in). Dryweight: 124.5kg (274 lbs). Colours: Red, silver.

TS125

SPECIFICATION: Maximum horsepower: 13.5hp/8000rpm SAE NET. Engine: 123cc. 2-stroke, single cylinder. NEW 6-SPEED CONSTANT MESH TRANSMISSION. Starter: Primary kick. Overall length: 2050mm (80.7in). Overall width: 770mm (30.3in). Overall height: 1155mm (45.5in). Dryweight 94kg (207lbs). Colours: Red, yellow, blue, white.

TS250

SPECIFICATION: Maximum horsepower: 23.0hp/6000rpm SAE NET. Engine 246cc. 2-stroke, single cylinder. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 2160mm (85.0in). Overall width: 870mm (34.3in). Overall height: 1130mm (44.5in). Dryweight: 118kg (260lbs). Colours: Red, yellow, blue.

TS100

SPECIFICATION: Maximum horsepower: 11.0hp/8000rpm SAE NET. Engine: 2-stroke, single cylinder. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 2000mm (78.7in). Overall width: 850mm (33.5in). Overall height: 1060mm (41.7in). Dryweight: 91kg (201 lbs). Colours: Red, white, blue.

TS185

SPECIFICATION: Maximum horsepower: 17.0hp/6500rpm SAE NET. Engine: 183cc. 2-stroke, single cylinder. Transmission: 5-speed constant mesh. Starter: Primary kick. Overall length: 2070mm (81.5in). Overall width: 835mm (32.9in). Overall height: 1090mm (42.9in). Dryweight: 102kg (225lbs). Colours: Red, yellow, blue.

Because each country has its own, individual traffic regulations, for indicators, mirrors, etc., along with special preferences for particular styling and finish, certain items of equipment illustrated in the international leaflets on the Suzuki range may, or may not be fitted to some machines available in the United Kingdom. You are therefore advised to consult your local Suzuki dealer on the question of original equipment fitted to the machine of your choice.

*Specifications subject to change without notice.

*There may be slight product colour variations from colours printed in this leaflet.
