Speed Four

The unmistakable Speed Four – stripped-to-the-bone and with the spine-tingling presence that separates predator from prey.

Packing a fuel-injected, state-of-the-art four-cylinder motor tuned for exhilarating mid-range power and torque, the new Speed Four takes Triumph's trademark factory streetfighter look into a new arena.

The chassis, with its lightweight beam frame and fully adjustable suspension front and rear, provides a superbly agile platform. Perfect for exploiting the engine's effortless acceleration and class-leading brakes for some serious fun.

Inspired by its brutal bigger brother, the family resemblance is clear – familiar twin headlights, head-turning paint schemes, neat fly-screen and compact clock cluster. And with attitude to match.

E N G I N E		S P E E D F O U R
TYPE		Liquid-cooled, DOHC, in-line 4-cylinder
CAPACITY		599cc
BORE/STROKE		68 x 41.3mm
COMPRESSION RATIO		12.5:1
FUEL SYSTEM		Multipoint sequential electronic fuel injection with forced air induction
IGNITION		Digital – inductive type – via electronic engine management system
T R A N S M I S S I O N		
PRIMARY DRIVE		Gear
FINAL DRIVE		X ring chain
CLUTCH		Wet, multi-plate
